

SAFETY AT OUR LOCATIONS

BE MINDFUL OF SYMPTOMS

For you as well as your child. Always keep to the guidelines set by the GGD and check if your child is allowed to attend childcare.

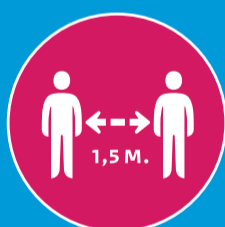

DROPPING OFF AND PICKING UP

Children may be dropped off by one person only.
If possible, at the door or in the assigned space.
Keep to the markings/guidelines at the centre.
Keep farewells short.

WASH YOUR HANDS

Make sure your hands are clean before entering the childcare centre.

KEEP DISTANCE

As an adult in our childcare centre and our outside spaces, please keep at least 1.5 metres distance. Give each other space!

COUGH IN ELBOW

If you do have to cough or sneeze, do so in the inside of your elbow. Please also teach this to your child(ren).

NO SHAKING HANDS

We don't shake hands. That is also the case for new meetings and tours.

CLEANING

We will take care of extra hygiene. Items that are touched often are cleaned multiple times a day.

THANK YOU FOR YOUR COOPERATION!

Together we'll ensure a situation that's as safe as possible for children, parents and staff.

alleen samen krijgen we
corona onder controle
