

## Arrangement for '46-weeks and 6-holiday-weeks-package' AFTER SCHOOL CARE

### 46-weeks-package

If you've chosen the 46-weeks-package for your child, your child will be planned as present for all school weeks. During the school holidays, your child is **not** planned to attend childcare. **You must sign up your child yourself, for 6 of the school holiday weeks.**

### 6-holiday-weeks-package

If you're contracted to the 6-holiday-week-package of after school care for your child, then your child is **not yet** planned to attend childcare. **You must sign up your child yourself, for the 6 weeks of school holidays you wish to receive care.**

### The way it works

Depending on the size of your contract, you will receive a **holiday care allowance** ('tegoed vakantiedagen' in Dutch).

#### Overview of the holiday care allowance:

Parents with a 5-days-contract receive a balance equal to 5 holiday days of care x 6 weeks. Assuming 10,5 hours a day\* of being open, parents receive:

- 5-days-contract – a balance of 5 days of care x 6 weeks x 10,50 = 315 hours
- 4-days-contract – a balance of 4 days of care x 6 weeks x 10,50 = 252 hours
- 3-days-contract – a balance of 3 days of care x 6 weeks x 10,50 = 189 hours
- 2-days-contract – a balance of 2 days of care x 6 weeks x 10,50 = 126 hours
- 1-day-contract – a balance of 1 day of care x 6 weeks x 10,50 = 63 hours

*\* parents that have a contract for different opening times, will receive modified contract-hours-to-sign-off*

You may use this care allowance to request holiday days. Please request your holiday care **two weeks prior to the start of the requested school holidays**. If you request the care at a later time, we can't guarantee that childcare is possible. Even if it's a day on which your child normally receives childcare during school term.

#### The care allowance is valid for a specific calendar year

The care allowance is valid for one calendar year, from the 1st of January until (and including) the 31st of December. You will receive your allowance automatically on the 1st of January of each year. On that date, the previous care allowance is no longer valid. You will receive your allowance pro rata according to the duration of your contract. For example: the balance will differ with the start of a placement later than 1st of January and/or the end of the placement prior to 31st of December.

#### Notifying us of absence

You may find your allowance in the Parent Portal and the 2Samen app (**Opvangtegoed > 'tegoed vakantiedagen'** (which means 'holiday care allowance' in Dutch)). The easiest way to notify us of your child's presence during certain holiday weeks is by signing up in the 2Samen app under **Agenda >  > Dagaanvragen** (which means 'Day requests' in Dutch)

*Please note: this way of working also counts for the 49-week-package (no longer available). Parents who still have this package will also receive an edited care allowance.*
